

MINISTRY INTRODUCTION

The corporate worship ministry is a ministry at Parramatta Christian Church. There are many people involved – some at the front and some behind the scenes. The team includes singers, musicians, sound technicians and data operators.

We feel it is important to give our best to God. We want God to be pleased with our worship personally and corporately. As a corporate worship team we strive to glorify God and to deliver an end result that would be considered excellent to someone in the secular world. Just because it's church and just because we are giving our time freely doesn't mean that we can deliver second rate goods. We have a job to do and we want to do it well. We take pride in our standards and our ultimate aim is to bring glory to God.

Each person involved in the Corporate Worship Ministry Team needs to be a fully committed disciple of Jesus Christ, have been attending at Parramatta Christian Church regularly for three months and should demonstrate the following distinctive lifestyle:

- Be a **Committed Christian**
- **Committed and Submitted to Parramatta Christian Church**
- **Committed to the Corporate Worship Ministry**
- Be a **Committed Servant**
- **Committed to Excellence**
- Have a **Stable Temperament**
